Scholarship Term

Awarded for one year with potential for one-year renewal based on eligibility and re-application.

Philosophy

The Jersey Shore Chapter Continuing Education Scholarship was created to offer financial support for a qualifying female student to continue or complete her undergraduate degree program. Mindful of the expenses associated with returning to school and the financial challenges faced by women in the workplace who do not have a degree, it is the hope of the members of the Shore Chapter that this scholarship will reduce the financial burden and encourage the awarded student to reach her goal of graduation.

The Shore Chapter was founded on the principal of volunteer service to Caldwell College and we expect that the recipient of these funds will join in that tradition of service.

A sum of \$2000 per academic year will be awarded; \$1,000 payable for each semester. The scholarship is to be used for expenses directly related to the cost of education – tuition, books, professional fees. A select panel of evaluators will determine candidates based on the criteria described above.
