For CAEP Accountability Measures, the definition of the term completer is as follows: “A candidate who successfully satisfied all program requirements of a preparation program at least six months previously and who is employed in a position for which they were prepared for state licensure.”

Please note:

- Some teaching and administrative positions have limited openings. Teachers will sometimes earn their advanced certification in preparation for seeking administrative or other positions outside the classroom. In doing this they get themselves ready to accept a promotion once there is an opening and/or they are ready to move to a different setting.
